

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode

The internal assessment of the institution is conducted as per the instruction provided by the affiliating university (Gauhati University). The examination branch of the institute is responsible for the smooth functioning of internal examinations. Details are given below

1. The examination is conducted for 20% of marks in each paper. As per the space provided in the academic calendar of the affiliating university, a routine (centrally) is prepared by the institution, where written examination.
2. A two-stage evaluation process has been adopted by institute for the remaining 10% marks. Maximum 4% marks are allotted to student's attendance. While the remaining 6% marks are allotted to performance of students in different activities like group discussion, seminar presentation, survey or extra-curricular performances etc.
3. Periodic tests are also conducted by the departments as and when required. Students are also assessed through group discussions, seminar presentations, peer classes etc. Survey work is suggested for students in disciplines like Economics, Education, and Political Science. Students in history opt for ethnographic study. Students in Assamese also opt for project work, which are then assessed.
